Laptop Lending Policy

Purpose—Guernsey Memorial Library makes laptops available for in-library use to library card holders to facilitate improving their computer skills and to assist in their research, networking, and document production needs. Each laptop is equipped with operating software, an internet browser, and a standard suite of Microsoft Office applications. Each laptop has built in Wi-Fi capability.

The following rules and regulations apply:

Laptops may be borrowed by adult (eighteen [18] years of age or older) GML card holders in good standing. Laptops are provided on a first-come, first served basis according to availability. Laptops may not be reserved.

The Library has preference for use of the laptops should they be needed for a library-sponsored class or meeting. There are no guarantees of laptop availability or a continuous wi-fi connection.

Laptops may be used inside the Library only. Removal of laptops from the library will be considered theft and will be prosecuted.

Laptops shall not be taken into washrooms at any time for any reason.

A laptop computer will only be lent for a period of up to 2 hours, or when the battery runs out, whichever comes first. One renewal may be allowed if others are not waiting to borrow the laptop.

The library does not have sufficient electrical outlets to allow users to work while plugged in.

Laptops not returned on time will be subject to a late fee of \$5 per hour. Payments of late charges will be added to your library record and must be paid before lending privileges will be reinstated.

Each laptop is equipped with operating software, a standard suite of Microsoft Office products, and built in Wi-Fi. No additional hardware or software may be installed or downloaded, nor may changes be made to their system configuration.

The library does not provide computer mice nor charging cords for the laptops; borrowers may not attach their own mice, charging cords, or peripheral devices such as printers or scanners.

Borrowers who require audio while using a laptop must use their own earphones or earbuds. Volume must be moderated such that it does not disturb other patrons or staff members.

The library does not assume responsibility or liability for lost or corrupted files for any reason, such as hardware failure or network interruptions. The library is not responsible or liable for claims relating to the loss, damage, or interception of any information, data, work product, or other material viewed, searched or stored on laptops. Users wishing to save files they have created must back them up to a thumb drive, or personal internet-based accounts.

Under no circumstances should a borrower leave a laptop unattended. The user assumes full responsibility for the cost of repair or replacement in the event that the laptop is lost, stolen, or damaged. (Laptop replacement **may be in excess of \$1,500.00.**)
